

# STATIONARY INFANTRY TARGET (DOUBLE TURNING POPUP) TYPE 284-611

*Precision Shooting for Infantry Targets*

## STATIONARY INFANTRY TARGET (DOUBLE TURNING POPUP) TYPE 284-611

The MSI Double Turning Popup Stationary Infantry Target combines the advantages of our Stationary Infantry Target with one of our Popup Turning Adaptor. This combination provides soldiers and trainers with a modular and highly flexible training tool to improve live-fire training skills along with vital friend/foe discrimination techniques.

The extraordinarily energy efficient lifter with its configurable target controller and its target mechanism offers a unique combination of flexibility, excellent reliability and safe, easy handling.

The following target presentations are possible:

1. Turning the target while lifting and lowering the silhouette and in recessed position
2. Lifting and lowering the target without turning the silhouette
3. Turning the target to friend or foe view
4. Turning the target to neutral view
5. Random and automatic mode

This conveniently portable, rugged system, in the absence of wind, is capable of raising military standard target silhouettes in less than one second and is an essential component of any modern training facility.

## SAFE AND RUGGED

### Long-lasting and Robust Operation:

- Finest materials
- Outstanding performance
- Usable in difficult environmental conditions

### Efficient and Safe Scoring:

- Powerful engine
- Optimal hit sensing
- Energy efficient

### Time and Effort Saving:

- Trouble free functionality
- Reduced required access to target area
- Immediate performance feedback

## HARDWARE

- **Powerful electric engine** with a robust gear easily lifts the full range of infantry targets.
- **Popup Turning Adaptor** turns a silhouette independently and enables the appearance of the front, back, and side of a friend/foe silhouette to train target discrimination and immediate reaction.
- **Contact hit sensor** records the hits of all calibres of live-fire ammunition. It has a sensitivity adjustment to record hits of training ammunition.
- **Handheld controller** can be used to operate the system, enabling communication and immediate performance feedback over long distances depending on customer's radio frequency and geographic conditions.
- **Range control system** can also operate all target systems. This can be hardwired or radio linked, simultaneously providing details of each single target mechanism and a supreme overview of the whole scenario.
- **Stable, steadfast, and smooth-edged frame** offers easy and safe handling to service personnel and accommodates all main components needed to be operated.
- **Location can be altered** without the need for infrastructure adaptations.

## SPECIFICATION

CONFIGURATIONS	
Installation	Portable
Power Supply	Battery-powered
Power Supply (Target Mechanism)	Battery / Solar Panel
Power	12 VDC
Communication	Radio-controlled
HIT SENSORING	
Hit Detection	Contact Hit Sensor
Hit Frequency	1200rpm
TARGET PRESENTATION	
Modes of Operation	Pop-up, Friendly/Foe, Pop-up Turning
Time to Expose*	<2 s
Time to Retreat*	<2 s
*May vary depending on customer requirements and target dimensions	
TARGET MECHANISM	
Angles of Operation (Lifter)	90°, end positions adjustable
Angles of Operation (Turner)	180°

Torque at Shaft	50Nm
ENVIRONMENT	
Operating Temperature	-25°C - +72°C [-13°F - +161.6°F]
Enclosure Type	IP 67
DIMENSIONS	
L x W x H	640mm x 1040mm x 450mm [25.2in x 40.9in x 17.7in]
Weight	48kg [106lbs]

### Portability

- **No site preparation is necessary or required to emplace the system.**
- **Target can be conveniently carried by two men and hence repositioned to easily modify the training scenarios.**

### Additional Equipment

- **Ballistic Shield**
- **Enemy Fire Simulators**
- **LOMAH Sensor System**
- **Muzzle Flash Simulator**
- **Rotary Pop-Up Adaptor**
- **Solar Panels**
- **Target Illumination Unit**
- **Thermal Target Adaptor**

## USED WITH

Battle Effects Simulator (BATES) Type 220-221

Muzzle Flash Simulator Type 223-001

Location of Miss and Hit (LOMAH) Type 242-243
